

### Chestnut Credit Counseling Services

Chestnut Credit Counseling Services (CCCS) works with individuals and families to better themselves financially. They do this by providing one-on-one budget preparation, educating consumers on how to review and improve their credit reports, teaching money management skills, and assisting individuals with a plan to become debt free through Debt Management Plans.

CCCS continues to play an active role in the community by providing quality financial education programs and creating through Debt Management Plans.

Holly Keller and Morgan Gee are certified as credit counselors by the National Foundation for Credit Counseling, the oldest and largest national credit counseling organization. In addition to providing financial management and money management, they also provide the counseling required to complete a bankruptcy in Illinois.

For more information about CCCS, call 800.615.3022 or visit [www.chestnut.org/credit](http://www.chestnut.org/credit).
